Call of the Polit Bureau of CPI (Maoist) on the occasion of the 6th anniversary of the party to be celebrated with revolutionary enthusiasm and great fervor from September 21 to 27, 2010

Our beloved comrades and people!

On the 6th anniversary of our party formation day on September 21, 2010, our PB extends hearty revolutionary greetings to the Party, PLGA, Revolutionary people's committees and comrades of all mass organizations and to the revolutionary people who are advancing the people's war by fearlessly fighting back Operation Green Hunt, the countrywide massive counter-revolutionary military offensive of the enemy, who is bent upon annihilating our party. On this fervent occasion our PB also congratulates the comrades in the jails who are bravely facing the enemy.

Our PB humbly pays homage to the more than 10,000 great martyrs, 1500 of them after the unified party was formed in 2004, and 300 in one year, who sacrificed their invaluable lives for the success of the New Democratic Revolution in India and for the achievement of the greatest cause of human kind, i.e. socialism and communism. The fact that a majority of these martyrs are common people, revolutionary mass organizations' members and militia member shows how the vast masses of India are thronging into the revolution.

Since we celebrated our party formation day last year, the war between revolution and counter-revolution in our country has intensified further. There have been many significant changes of strategic importance in this period which would affect the Indian revolution for a long time to come. It is necessary to look into our strengths and weaknesses, the favourable and unfavourable conditions for the revolution on this occasion and place before the people and the ranks of the party.

Firstly - starting from May 2009 to July 2010, eight topmost comrades including PBM and beloved leader Azad and ten state level comrades had either been caught and killed by the enemy or had been put behind bars. Many leadership comrades from district level to lower ranks were either arrested or killed. These losses had all affected our party and movement seriously. Particularly, losing comrade Azad who had been fulfilling key responsibilities in the highest committee and had been rendering multi-faceted services most efficiently in many fields is a great loss.

The formation of the new party in 2004 placed before the people of our country enriched political, organizational, military lines, a strong party, a strong leadership, a people's army, the PLGA and a vast mass base and struggle areas. This created very favourable conditions for the advancement of the revolution. Fearing all these favorable conditions, the enemy sought to crush our party and all the losses in 2005 and 2006 occurred due to this conspiracy. Yet, the Unity Congress - 9th congress had strengthened the unity of the party and the party leadership and laid down a thorough plan for the advancement of the revolution. Though Andhra Pradesh movement and North Chhattisgarh movement suffered setback and though we suffered heavy losses in North Odisha, the successes won filled the revolutionary camp with self-confidence.

The successful completion of the Unity Congress and the later successes worried the enemy camp to no end and so the enemy had intensified war on people at an unprecedented level to annihilate the party leadership. These losses which occurred since 2009 May are larger in number and more serious in nature than before. However, serious they may be, in the past 45 years, revolutionary movement had been giving birth to new leadership constantly and it will do so again. As long as masses need a revolution, they give birth to its leaders too.

Secondly - UPA-2 had launched the fascist 'Operation Green Hunt' (OGH) as a concrete form of the multi-pronged offensive strategy. Of all the offensive strategies formulated by the Indian ruling classes to crush the revolutionary movement in India, the one which started from mid-2009 (and continuing) is unprecedented, country-wide, most severe, deceptive, centralized and protracted one till date. The military suppression campaign is concentrated on our strong rural areas and guerilla zones, especially Dandakaranya, Jharkhand-Bihar, Lalgarh and bordering areas of Jharkhand-Odisha, Andhra-Odisha and Telangana-Chhattisgarh. This 'War on People' has intensified social contradictions. No other suppression campaign had earned the wrath and resistance of people as much as the OGH in the past 45 areas.

Thirdly - after UPA came to power for second time, there was a qualitative change in implementing the counter-insurgency theories which are restructuring or influencing the state machinery, Indian constitution, judiciary, legislating bodies, administrative bodies, politics, economy, culture, media and so on. This is inspired and led by the 'War on Terror' waged by the imperialists under the leadership of US imperialists. This will lead our country to a disastrous situation. The more they try to wage this brutal war, the more protest and resistance they would encounter from the vast masses. Such resistance is clearly seen all over the country.

Due to the struggles waged by us in all the fields and due to the immense sacrifices of our most revered and beloved three hundred martyrs in the past one year we have won significant successes. They are:

1. The successful attacks in Singanamadugu, Mukaram (Tadimetla) and Kongera of Chhattisgarh; Laheri in Maharashtra; Sankrel and Silda in Bengal; Gumla, Vishnupur and Latehar in Jharkhand; Sono, government toll plaza (Gaya) and Tandwa bazaar in Bihar; Potakal and Baipharguda in Odisha, particularly the historical Mukram (Tadimetla) attack had broken down the initiative of the enemy and increased that of the guerilla forces. These attacks had armed the PLGA with more weapons and new experiences in guerilla war. Tadimetla experience is of the highest level of all these. If not for this active resistance of our forces and people, the enemy would have found more ground to obliterate our movement. These great experiences would definitely help us in fighting back the enemy forces employed for a bigger attack. It was nothing else but the active support of the people which served as the foundation for all these successes.
2. The struggles of Kalinganagar, Singur and Nandigram shook the ruling classes and later Lalgarh and Narayanpatna struggles had burst forth on an extensive and higher scale than these struggles. These were led by our party against revisionism or right opportunism and were waged against the enemy classes, imperialists and the state. We had not seen a deluge of such vast, militant, long drawn mass uprisings in the past 25 years. The lessons of these revolutionary mass uprisings for the development of people's war in our country are invaluable.
3. Lalgarh armed peasant movement which had erupted, spread and consolidated in a period when the enemy had deployed forces on a large scale and was attempting to crush the peasant uprising, is very significant and earned a special place in the annals of Indian armed agrarian revolutionary struggle history.
4. Vast masses under our party's leadership have successfully thwarted the attempts of the MNCs and CBB corporations to loot the natural resources in Eastern and Central India. Our PB sends revolutionary greetings to all the people, revolutionary, democratic, progressive and patriotic organizations and individuals who stood firmly in these struggles and promises that our party would stand in the forefront in these struggles.
5. Our party had conducted ideological and political propaganda war against the enemy's psychological war, under the leadership of Comrade Azad. If our entire party had not fought along with Com. Azad at various levels, the people's war would not have won this much credit. His services in this field are most significant and paramount. Let us continue the struggle in this field with Com. Azad's inspiration.

Along with these five main successes, in some states, we had expanded to new areas, consolidated party, PLGA, politically and militarily, consolidated the existing Revolutionary People's Committees/Janatana Sarkars and expanded them in newer areas. All these successes had won us the support of many revolutionary forces, intellectuals, democrats, progressive and patriotic forces.

Comrades!

Our losses had been very severe. Unless each committee from the CC to the lower committees and the entire party strives very hard to build up new forces in a planned manner on a wide scale and continues the rectification campaign effectively we will not be able to fulfill the losses incurred, particularly that of Com. Azad and other leadership comrades at central and state level.

Only when we understand the real reasons behind the losses, we can prevent them and only then we can strengthen the party as an impregnable fort to the enemy. To identify the real reasons we have to take lessons from the experiences of our party and Maoist parties of other countries.

We have to expand and intensify the self-defensive war waged under the party's leadership by PLGA, people and by uniting with all struggling forces of our country and other countries. If we firmly rely on the masses and make use of our PLGA properly in the war, we would definitely be able to defeat Green Hunt.

Let us prepare ourselves to wage people's war with utmost courage and determination. Celebrate the 6th anniversary of our party formation day with brimming revolutionary enthusiasm and zeal. Let us propagate widely the successes won even amidst severe repression in the past one year.

Our beloved comrades and people of India!

The CPI (Maoist) is issuing a call to all the people of our country to unify under the leadership of the party and rise against the feudal and comprador rulers who are selling our country to the imperialists. We cannot liberate our country from the clutches of these predators without a revolutionary party. The party calls upon all the resistance struggles against the loot of our country to come together which would lead to a broad united front. The fight for land to the tiller, democratic power to the people and basic needs and against SEZs, displacement, corporate mining, plunder of our natural resources, price rise, corruption and all such burning problems have to be carried out in an united manner. We can win only through our unified strength. As our fight intensifies, the state onslaught on all the democratic and revolutionary struggles would also intensify. Let us prepare ourselves for this. Jan Jagrans, Salwa Judums, Sendras and Green Hunts can never break a determined people or their revolutionary party. Final Victory belongs to the people.

- ★ Let us consolidate our party as an impregnable fortress and avoid huge losses to leadership and ranks !*
- ★ Hail and follow the exemplary model battle of Tadimetla to defeat 'Operation Green Hunt' !*
