The Italian Marxist-Leninist Party (PMLI) issued a statement regarding the detention and arrest operations carried out ahead of the NATO Summit in Ankara, sending a message of solidarity in response to Partizan's call.

In the message sent by the Party, the operations targeting the detained revolutionaries were described as a "fascist attack", and it was stated that the struggle against NATO and imperialism was under attack.

The PMLI's statement included the following:

*"Dear comrades,*

*Greetings from the proletarian internationalists and Marxist-Leninists.*

*As the PMLI, we express our militant solidarity against the provocative searches carried out in the homes of communists, revolutionaries and democrats who have been arrested and subjected to torture. This crime was committed by the fascist dictator Erdoğan with the aim of safeguarding the NATO summit to be held in Ankara on 7 and 8 July.*

*We are certain that this fascist attack will not weaken your comrades' resolve to fight, nor their anti-NATO and anti-imperialist spirit.*

*We, too, join the call for the immediate release not only of your comrades who have been arrested, but also of all revolutionaries and democrats.*

*Down with NATO, imperialism and Erdoğan's fascist dictatorship!*

*Long live the struggle of communists, revolutionaries and democrats against NATO, imperialism and Erdoğan's fascist dictatorship!"*
